

# Fixture Use Sample

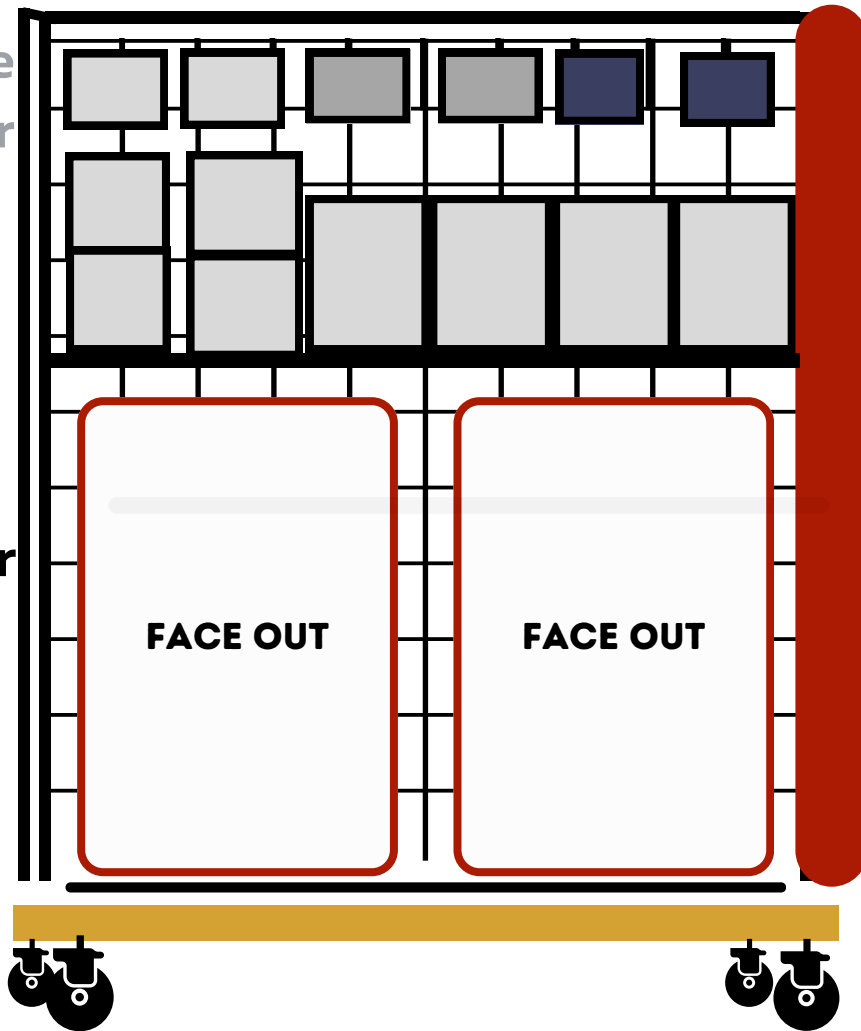

## 5G UNIT SAMPLE

Grid Unit End Caps are a great way to feature new or popular Apparel on Face Outs.

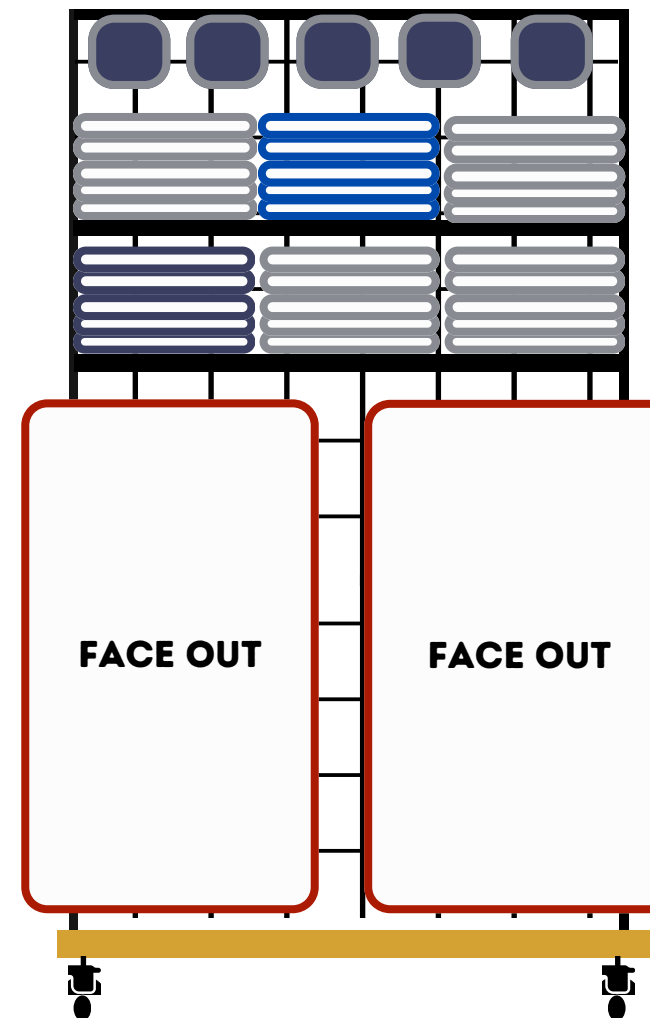

5G's are ideal for any Department.

Apparel & HAM example on a Grid Unit. Use Peg or Shelves for product.

### Face Outs on an Interior

- ✓ Set single or two styles max for interior Face Outs.
- ✓ Set first row (face out) at the bottom and build up to maximize space.

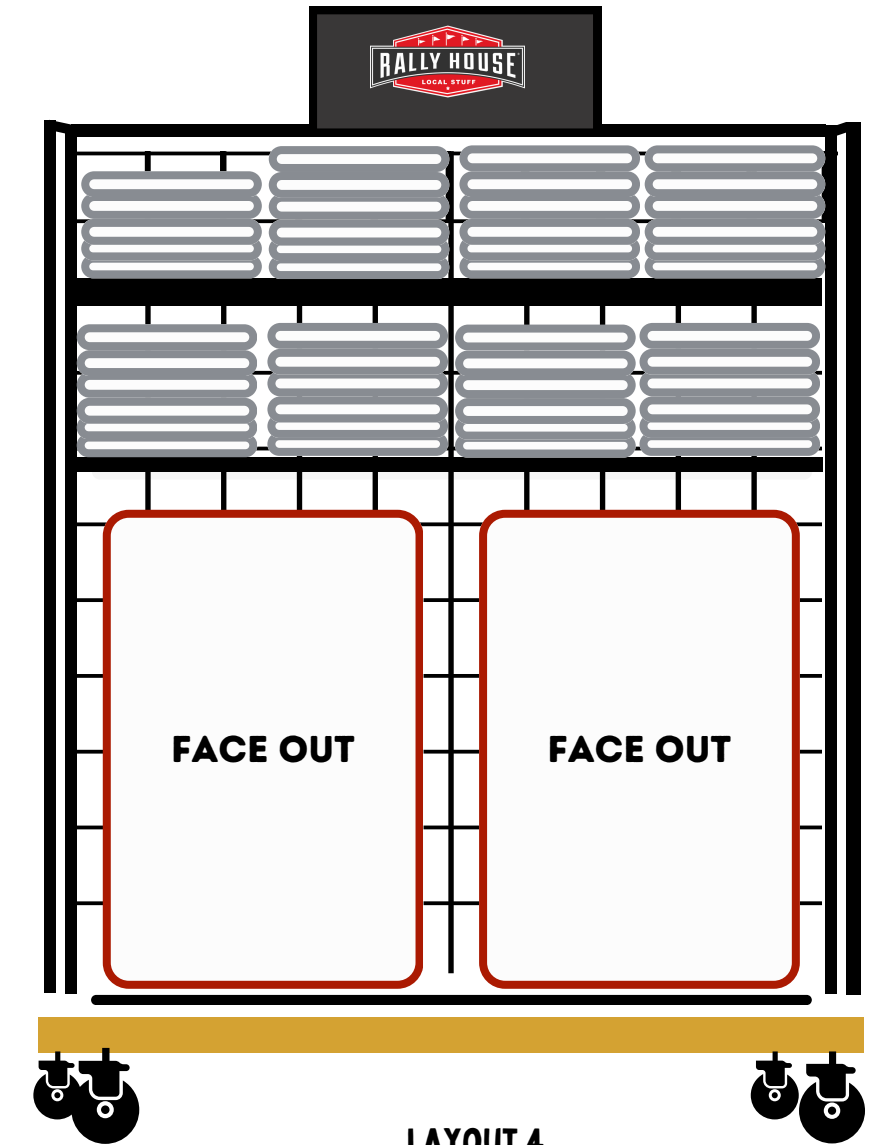

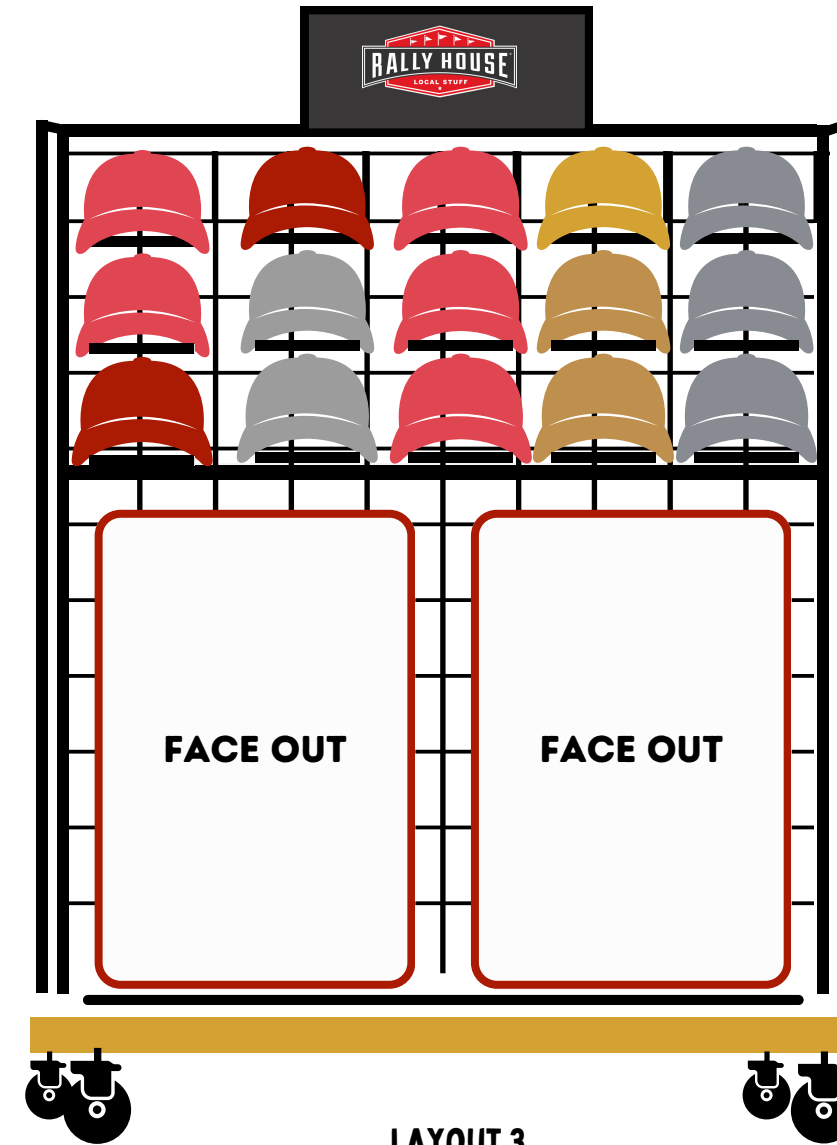

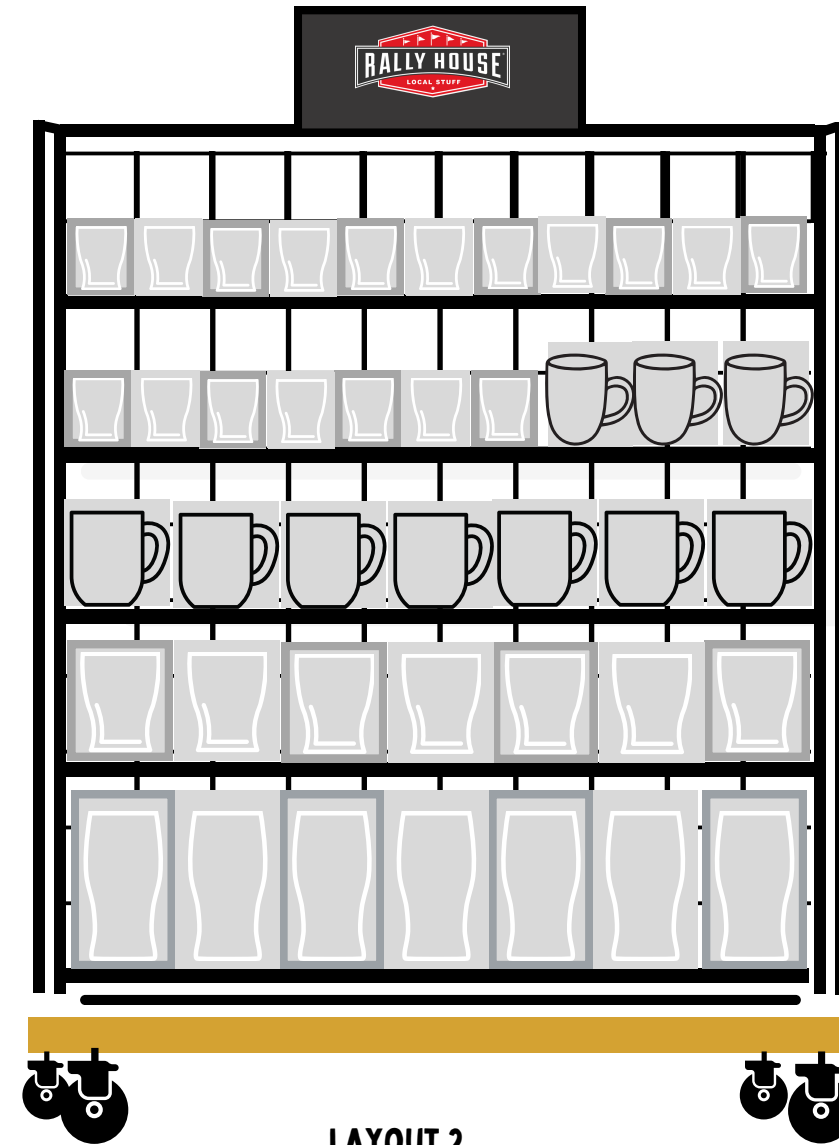

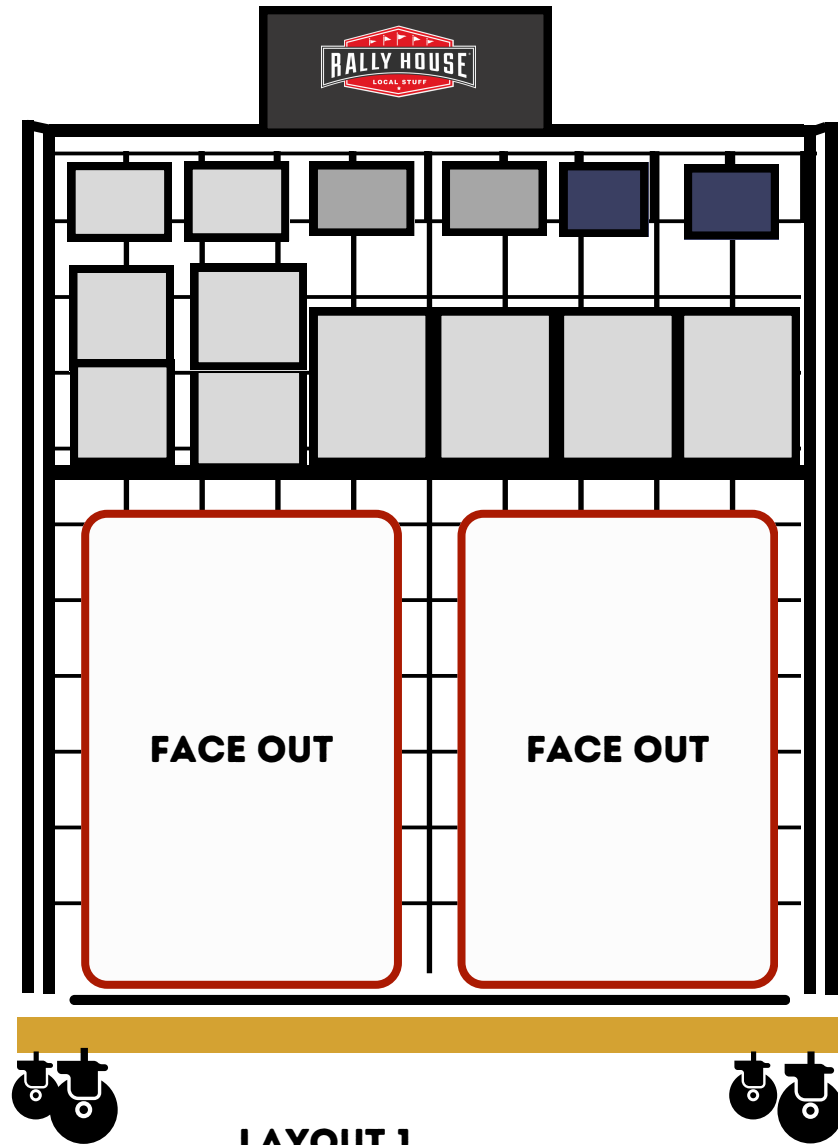

Accessories placed above the apparel face out should compliment the product below.

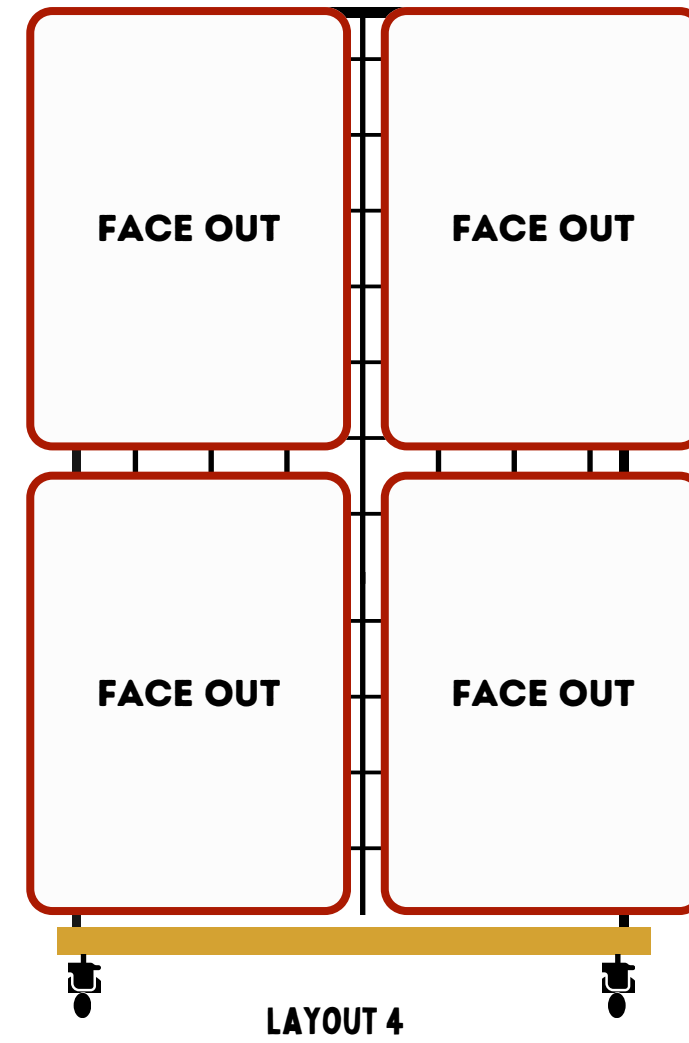

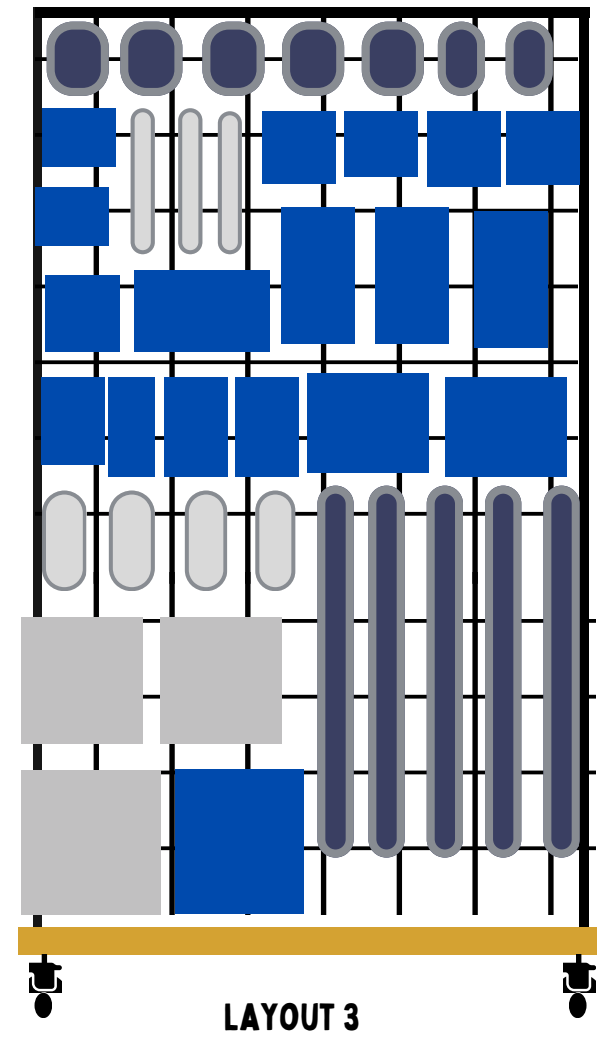

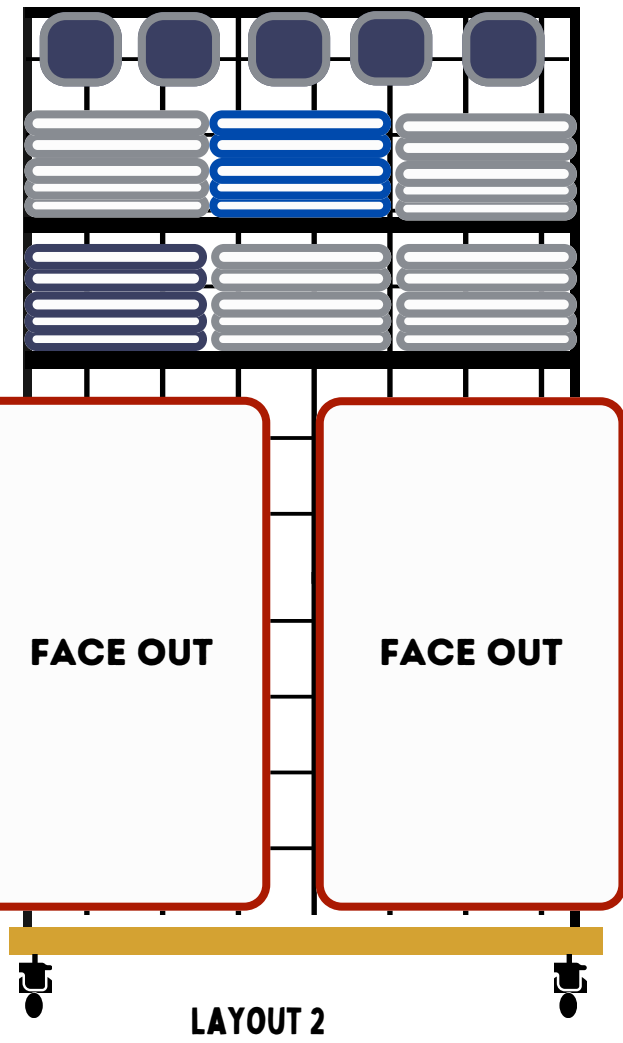

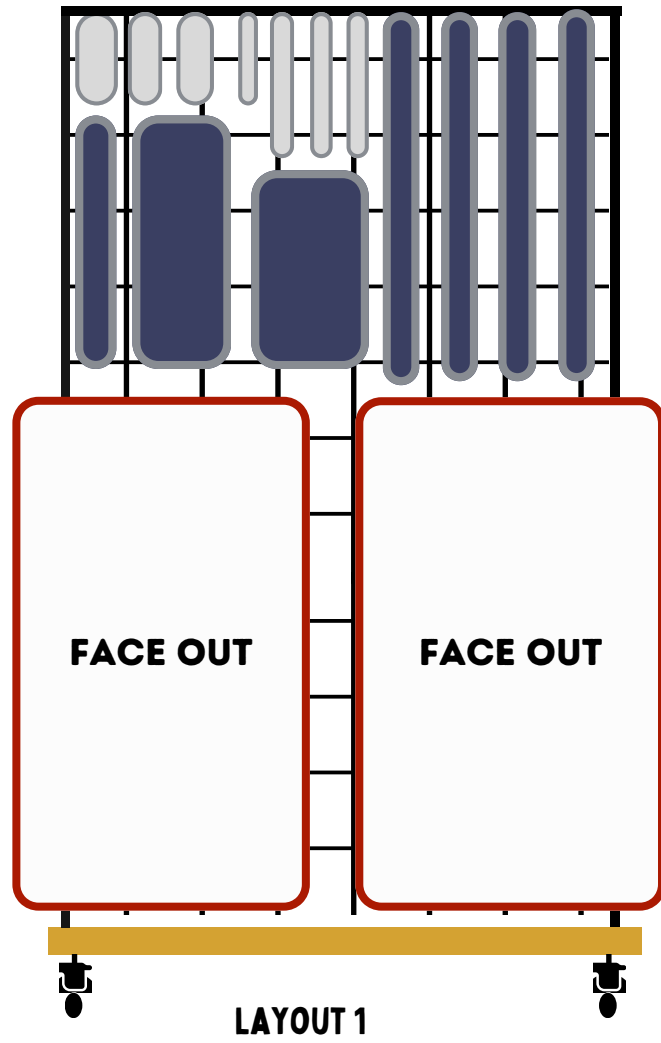

### Face Outs on an End Cap

- ✓ Multiple styles should be placed on End Cap Face Outs if needed to easily see the variety.
- ✓ Unique Styles or back logo designs are ideal to feature here.
- ✗ Face Out product should never touch the floor.
